Please Help Support Our Banner Project

What is the Reedsport Main Street Program?

The Main Street program is a community driven process following the proven Main Street Approach, which is a practical and comprehensive model capitalizing on a community's unique assets. The goal is to build high quality, livable, and sustainable communities that will grow Oregon's economy while maintaining a sense of place. In Reedsport's case, we will be focusing on the downtown, midtown, and uptown districts.

This program's success is met with community involvement and participation. This is an opportunity for the community members to shape their community and foster the growth of the projects that go on around them.

Your brick purchase will help in more ways than one! It will help us fund the Banner Project costs for banners and brackets. You will also have a customized engraved brick that will be placed in the Downtown District permanently! This brick will not only enhance our sidewalk area, it will allow community members the opportunity to connect with the City by memorializing family members, pets, promoting businesses, and as a commemorative project.

We have already raised more than half the funds needed to purchase and place these banners in all three commercial districts. It will cost about $5,000 for the banners and brackets. Downtown banners will be 18"x36" while Midtown and Uptown banners will be 30"x48". With your help, we can make sure all three commercial districts in Reedsport have colorful banners to create a more attractive business district and attract more visitors and customers to our local businesses.
